PostCSS + Gulp

```
$ npm init
```

```
$ npm install --save-dev gulp gulp-postcss concat
```

gulpfile.js

```
var concat = require('gulp-concat');
var gulp = require('gulp');
var postcss = require('gulp-postcss');

gulp.task('styles', function() {
  const processors = [
    // начинка нашего бутерброда
  ];

  return gulp.src('./css/**/*.css') // пути к нашим стилям
    .pipe(postcss(processors)) // вызов плагина
    .pipe(concat('bundle.min.css')) // соединение всех файлов в один
    .pipe(gulp.dest('./public')); // путь публикации готового файла со стилями
});
```

gulpfile.js

```
gulp.task('watch', function() {  
  return gulp.watch('./css/**/*.css', function() {  
    gulp.run('styles');  
  })  
});  
  
gulp.task('default', ['styles', 'watch']);
```

A low-poly, stylized illustration in shades of gray. On the left, a large ship is shown from a side profile, with its hull and a tall, thin mast visible. To the right of the ship, a lighthouse stands on a rocky outcrop. The background features rolling hills or mountains under a light sky. The overall aesthetic is minimalist and geometric.

Практика

Все плагины: <http://postcss.parts/>

Необходимые плагины:

- nested
- short
- assets
- stylelint
- browser-reporter
- autoprefixer

nested

```
.phone {  
  &_title {  
    width: 500px;  
    @media (max-width: 500px) {  
      width: auto;  
    }  
    body.is_dark & {  
      color: white;  
    }  
  }  
  img {  
    display: block;  
  }  
}
```

short

```
.icon {  
  size: 48px;  
}
```

```
.icon {  
  width: 48px;  
  height: 48px;  
}
```

assets

img

stylelint + browser-reporter

autoprefixer: menu.css:4:4: Outdated direction syntax in gradient
postcss-important: header.css:10:4: Avoid !important declaration
